

WIN'SOME LADY

WIN'SOME LADY...
Love for you... Undefined!
Higher than the silence of the mind

Crossing the river – holding the Edge
Full confident – flowers of fate never will faint
Chasing the rainbow – through the roots of melting snow
Hoping to learn... one day! – to just love... And let go!
Tears of the winter – drifting her eyes
Feeling away – even around...
wondering why!?
Feeling her voice – suddenly fainting above
Seduced by the flesh of the brush transform into dust

LOVE FOR YOU UNDEFINED HIGHER THAT THE SILENCE OF THE NIGHT

Hypnotising reflexion ` of thy magical eyes ` taking colours from the sky
Passion holding wisdom... Like a winsome Lady!
Love for you undefined... Higher than the silence of the mind!
Blue diamonds as an offering - to the bowing of thy presence...
Her silence :: so tender
If in the wrong chase... PLEASE... Help me surrender !!!
Through all hope, please keep us brave !
Having fun on the way...
on the eternal way to which grave.
